

COMPRESSED AIR FACILITY FOR CONTENTION – PNEUMATIC SORTING

Technical infos:

Type :
Piston compressor

Engine power:
3 cv

Voltage :
400 V ~ 50 Hz

Tank capacity:
200 Litres

Flow filling: 400 l/mn

Operative pressure:
11 bar

Operating pressure :
7 bar

Workflow:
16,66 l/m

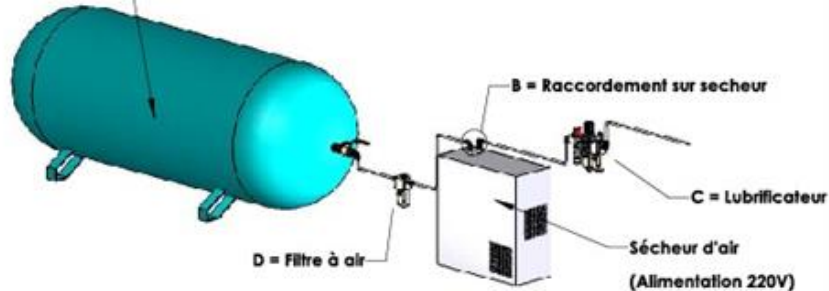

Length : 2 600 mm
Width : 450 mm
Height : 1 100 mm

dB(A) : 74

Dry and oiled air

Compresseur 200litres

Optional soundproof technical room

Welded Construction - Steel Quality S235 - Hot Galvanized Finish according to EN ISO 1461 2009
